What is master-fees?

Master-Fees is a smart, **automated fee collection platform** designed for schools. It simplifies tuition payments by enabling guardians to pay online, instantly generating and distributing invoices and receipts. All transactions are automatically updated in a centralised dashboard—giving you **real-time access to revenue, collections, and student balances** wherever you are. Say goodbye to the delays and manual errors of cash and bank payments.

Why Join the Program?

Tailor-Made for You

Help Shape the Perfect Tool – Built Around Your School's Needs

As one of only 10 selected schools, you won't just use the platform—you'll help build it to fit your reality. Your real-world feedback will directly shape how Master-Fees evolves, ensuring that the final product solves your exact fee collection challenges. This kind of tailor-made software could easily cost thousands of kwachas to develop independently—but you'll get it for free, just for sharing your experience.

Premium Access – Absolutely Free

K7,500 Worth of Value Per Term – Yours Free for a Full Year

Get one full year of Master-Fees Premium—our highest-tier product—for zero cost. Normally priced at K7,500 per term, this package includes the full suite of features, updates, and support. You'll use it risk-free and decide later if it's right for your school. No hidden costs. No pressure. Just real results.

Perfect revenue records

Instant Reconciliation. Automated Follow-Ups. No More Disputes.

From auto-generated receipts to real-time dashboards and automated revenue recovery, Master-Fees drastically reduces your team's workload while improving accuracy. No manual reconciliation. No balance disputes. Just smooth, stress-free fee collection with detailed insights and reporting at your fingertips.

Limited early access

Only 10 Schools. Once It's Full, It's Gone.

This program is intentionally capped at 10 schools to ensure dedicated support and true partnership. Once the slots are filled, no more entries will be accepted. If you're seeing this message, you still have a chance—but time and space are running out.
